

177.057 Required consultation on highway access prior to purchase of property for school facility.

A local school district shall not purchase property for the construction of any school facility until the district consults with the Kentucky Transportation Cabinet, Department of Highways, Frankfort Office, to determine if the property to be purchased currently has adequate highway access or if highway access is planned for a future date by the Transportation Cabinet. If the property to be purchased does not currently have adequate highway access or if the Transportation Cabinet does not plan future highway access to the property, the cabinet shall so notify the local school district in writing.

Effective: March 29, 1994

History: Created 1994 Ky. Acts ch. 112, sec. 2, effective March 29, 1994.
