- (2) The Administrative Office of the Courts shall oversee the design, financing, and construction of court facilities. The Administrative Office of the Courts shall:

The assessment shall consider the age, space adequacy, projected needs, structural soundness, mechanical and electrical systems, security needs, and interior and exterior quality of existing court facilities;
 - (b) Develop a project program for the construction or renovation of court facilities that the Administrative Office of the Courts determines to be most in need of construction or renovation, based on the needs assessment required under paragraph (a) of this subsection. The project program shall detail a complete and specifically defined court facilities project that conforms to the Kentucky standards for court facilities established under paragraph (f) of subsection (1) of this section, and shall include itemized space requirements, space relationships, design goals, scope limits, site considerations, cost estimates, and a proposed project budget;
 - (c) Establish the financial condition of any county that contains a court facility for which a project program under paragraph (b) of this subsection has been developed to determine the county's ability to participate in the proposed project. - (d) Develop a prioritized list, with cost estimates, based on land availability and the considerations required by this section, of proposed court facilities projects, and submit the list to the Chief Justice for approval and to the Court Facilities Standards Committee for informational purposes only.  - (e) Develop and maintain uniform contracts to be used by local units of government when procuring architectural, construction, financial, or other services relating to court facilities projects authorized by the General Assembly.
- (3) Before the Administrative Office of the Courts submits a budget request for court projects under KRS 48.050, each local unit of government that is expected to participate in financing a requested court project shall enter into a written memorandum of agreement with the Administrative Office of the Courts. Each county with a court project authorized by the 2000 General Assembly shall enter into a written memorandum of agreement with the Administrative Office of the Courts. The agreement shall be developed by the Administrative Office of the Courts, shall specify the rights, duties, and obligations of the local unit of government and the Administrative Office of the Courts relating to the project, and shall be contingent upon the project's authorization by the General Assembly.
 - (4) No contract and no modification to any contract relating to the design, financing, or construction of court facilities projects authorized by the General Assembly shall be executed unless first reviewed and approved by the Administrative Office of the Courts.
 - (5) All court facilities projects, beginning with those authorized by the 2000 General Assembly, shall comply with the Kentucky standards for court facilities established under paragraph (f) of subsection (1) of this section. No other standards shall be used.
