

146.656 Director to administer museum -- Qualifications

The board shall hire a director to administer the Kentucky Natural History Museum and to assist the board in implementing KRS 146.650 to 146.666. The board shall select as director a candidate who has a strong background in the natural sciences, demonstrated management skills, and knowledge of Kentucky's natural history. The director shall have at a minimum a master's degree in the natural sciences or anthropology and five (5) years of experience in the educational, research, or exhibit design work of a natural history museum or five (5) years of experience as a curator of significant archeological, biological, or geological collections. The director shall serve at the pleasure of the board. The board may hire the director prior to the development of the museum.

Effective: July 14, 2000

History: Created 2000 Ky. Acts ch. 329, sec. 4, effective July 14, 2000.
