

161.027 Preparation program for principals -- Assessment and internship requirements.

- (1) The Education Professional Standards Board, pursuant to KRS 161.028, shall by administrative regulation establish requirements for a preparation program in institutions of higher education for all new applicants for principal certification and establish criteria for admission to the program.
- (2) The Education Professional Standards Board and the Council on Postsecondary Education shall evaluate the preparation programs for principals and maintain only those institutional programs that can demonstrate both the quality and the capability to enroll adequate numbers of students to justify the resources necessary for maintenance of a quality program.
- (3) The Education Professional Standards Board shall develop or select appropriate assessments for applicants seeking certification as principals, including:
 - (a) An assessment of the ability to apply knowledge, instructional leadership, management, and supervision skills; and
 - (b) A specialized assessment on the current instructional and administrative practices in Kentucky public education.
- (4) The Education Professional Standards Board shall establish the minimum score for successful completion of assessments and shall establish a reasonable fee to be charged applicants for the actual cost of administration of the assessments. The Education Professional Standards Board shall provide for confidentiality of assessment scores.
- (5) The Education Professional Standards Board shall develop an internship program which shall provide for the supervision, assistance, and assessment of beginning principals and assistant principals. The internship shall not be required of applicants who have completed, within a ten (10) year period prior to making application, at least two (2) years of successful experience as a principal in a school situation. The Education Professional Standards Board, by administrative regulation, shall establish the internship program.
- (6) The certification of principals shall require the successful completion of the examinations required by subsection (3) of this section. A one (1) year certificate may be given to a person who has:
 - (a) A comparable certificate from another state; or
 - (b) All other qualifications except the assessments and is selected as a principal or assistant principal in a district where the superintendent certifies to the Education Professional Standards Board that there is a limited number of applicants to meet the requirements.

Upon successful completion of the assessments, a certificate shall be issued for an additional four (4) years. A person employed in Kentucky as a principal or assistant principal who was certified in another state and practiced in that state for two (2) or more years is exempt from taking the assessment described in subsection (3)(a) of this section.

- (7) Upon successful completion of the approved preparation program and the assessments, the Education Professional Standards Board shall issue to the applicant a statement of eligibility for internship valid for five (5) years. If the applicant does not participate in an internship program within the five (5) year period, the applicant shall reestablish eligibility by repeating and passing the assessments in effect at that time or by completing a minimum of six (6) graduate hours, directly related to instructional leadership, management, or supervision, at a regionally or nationally accredited institution. The option for renewal through completion of graduate hours shall be available only for the first reestablishment of eligibility. Upon obtaining employment for an internship position as principal or assistant principal within the period of eligibility, the applicant shall be issued the appropriate one (1) year certificate for the position.
- (8) All applicants for principal certification, after successfully completing the assessments, shall successfully complete the internship program described in subsection (5) of this section for principal certification. If the principal's or assistant principal's internship performance is judged to be less than satisfactory pursuant to administrative regulations developed by the Education Professional Standards Board, the applicant for principal certification shall be provided with an opportunity to repeat the internship one (1) time if the applicant is employed by a school district as a principal or assistant principal.
- (9) Following successful completion of the internship program, the principal certificate shall be extended for four (4) years. Renewal of the certificate shall require the completion of a continuing education requirement as prescribed by the Education Professional Standards Board.
