

186A.045 Video telecommunication equipment in all counties.

The Transportation Cabinet shall ensure that each county in the Commonwealth is equipped with at least one (1), or more than one (1), as workload dictates, video telecommunications terminal and associated devices, linked to a computer in Frankfort maintained by the Commonwealth, and capable of enabling the county clerks to produce certificates of registration in their offices, and certificates of title in Frankfort, in a manner consistent with this chapter.

Effective: July 15, 1982

History: Created 1982 Ky. Acts ch. 164, sec. 6, effective July 15, 1982.
