

**236.250 Exceptions to permit requirements and fee provisions.**

- (1) No person shall make major repairs affecting the strength or safety of boilers or pressure vessels without first securing a permit from the department unless repairs have been authorized by a boiler inspector or special boiler inspector pending issuance of the permit or unless such repairs are emergency repairs authorized by the department, a special boiler inspector or a boiler inspector pending issuance of the permit. No permit will be required for emergency items not affecting the strength of the boiler or pressure vessel, when performed by qualified persons regularly employed by firms utilizing properly qualified procedures. Permits shall only be issued to persons licensed under the provisions of this chapter. A permit fee shall be paid directly to the department, and shall accompany the repair application.
- (2) Payment of permit to repair fees will not be required from firms utilizing properly qualified welding procedures and regularly employing qualified welders, certified by and registered with the department, to weld on boilers owned and operated by such firms.
