

278.380 Service of orders.

The commission shall deliver a certified copy of any order issued by it to each party to the proceeding in which the order was made, and to an officer or agent of the utility affected thereby. Notwithstanding any statute to the contrary, the commission may deliver its orders by means of electronic transmission rather than by United States mail in those proceedings where each party and each utility to be affected by the order has filed with the commission a written statement that it waives any right to service of commission orders by mail and that it, or its authorized agent, possesses the facilities to receive electronic transmissions. When service of a commission order is by electronic transmission, mailing shall be deemed to have occurred on the date the transmission of the order is completed.
