

339.430 Machinery used in school courses.

Nothing in KRS 339.210 to 339.450 shall prevent the use of suitable machinery for instruction in schools where the mechanical arts are taught in connection with and as part of the usual school curriculum. The use of such machinery in any public or private school shall be subject to the approval of the board of education of the district where the school is situated, and shall be subject to the general industrial safety standards as to supplying safeguards for the protection of those using such machinery.

History: Created 1948 Ky. Acts ch. 107, sec. 22.
