

TITLE 65
WORKFORCE SAFETY AND INSURANCE
CHAPTER 65-01
GENERAL PROVISIONS

65-01-01. Purposes of workforce safety and insurance law - Police power. The state of North Dakota, exercising its police and sovereign powers, declares that the prosperity of the state depends in a large measure upon the well-being of its wageworkers, and, hence, for workers injured in hazardous employments, and for their families and dependents, sure and certain relief is hereby provided regardless of questions of fault and to the exclusion of every other remedy, proceeding, or compensation, except as otherwise provided in this title, and to that end, all civil actions and civil claims for relief for those personal injuries and all jurisdiction of the courts of the state over those causes are abolished except as is otherwise provided in this title. A civil action or civil claim arising under this title, which is subject to judicial review, must be reviewed solely on the merits of the action or claim. This title may not be construed liberally on behalf of any party to the action or claim.

65-01-01.1. Civil liability for intentional injuries. The sole exception to an employer's immunity from civil liability under this title, except as provided in chapter 65-09, is an action for an injury to an employee caused by an employer's intentional act done with the conscious purpose of inflicting the injury.

- b. The "average weekly wage" of a self-employed employer is determined by the following formula: one fifty-second of the average annual net self-employed earnings reported the three preceding tax years or preceding fifty-two weeks whichever is higher if accurate, reliable, and complete records for those fifty-two weeks are readily available.

Employees not regularly engaged in interstate or foreign flying operations, and the flying employees of any such airline as has its principal operating base in North Dakota, shall not be included in this exemption.

65-01-07. Employer must keep record of injuries to employees - Reports required - Contents - Penalty. Repealed by S.L. 1975, ch. 106, § 673.

65-01-08. Contributing employer and staffing service relieved from liability for injury to employee.

1. If a local or out-of-state employer secured the payment of compensation to that employer's employees by contributing premiums to the fund, the employee, and the

parents in the case of a minor employee, or the representatives or beneficiaries of either, do not have a claim for relief against the contributing employer or against any agent, servant, or other employee of the employer for damages for personal injuries, but shall look solely to the fund for compensation.

2. If a client company contracts with a staffing service for an employee's services, the client company and the staffing service are immune from any claim for relief by that employee or by another employee of the client company or staffing service, to the same extent granted under this title to contributing employers if the client company or staffing service secured the payment of compensation in accordance with this title. Although an account must include the name of the staffing service, the employee is considered an employee of the client company and staffing service for purposes of application of immunity for injuries incurred by or caused by that employee.
3. For purposes of this section:
 - a. "Client company" means a person that contracts to receive services within the course of that person's usual business from a staffing service or that contracts to lease any or all of that person's employees from a staffing service.
 - b. "Staffing service" means an employer in the business of providing the employer's employees to persons to perform services within the course of that person's usual businesses. The term includes professional employer organizations' staff leasing companies, employee leasing organizations, and temporary staffing companies. The term "staffing service" must be broadly construed to encompass entities that offer services provided by a professional employer organization, staff leasing company, employee leasing organization, or temporary staffing company regardless of the term used.
 - (1) Within the meaning of staffing service as used in this section, "temporary staffing" or "temporary staffing service" means an arrangement by which an employer hires its own employees and assigns the employees to a client company to support or supplement the client company's workforce in a special work situation, including:
 - (a) An employee absence;
 - (b) A temporary skill shortage;
 - (c) A seasonal workload; or
 - (d) A special assignment or project with a targeted end date.
 - (2) The term does not include arrangements in which the majority of the client company's workforce has been assigned by a temporary staffing service for a period of more than twelve consecutive months.
4. A staffing service that provides only temporary staffing services is the employee's employer. The temporary staffing service shall maintain a workforce safety and insurance account in the temporary staffing service's name and report the wages for those workers annually to the organization. All other staffing services shall:
 - a. Report annually the payroll detail for each North Dakota client company.
 - b. Maintain complete and separate records of the payroll of the staffing service's client companies. Claims must be separately identified by the staffing service for each client company.

- c. Share employer responsibilities with the client company, including retention of the authority to hire, terminate, discipline, and reassign employees. If the contractual agreement between a staffing service and a client company is terminated, the employees become the sole employees of the client company.
 - d. Notify the organization of the client company's name, workforce safety and insurance account number, and the date the staffing service began providing services to the client company. The staffing service shall provide this information upon entering an agreement with a client company, but no later than fifteen days from the effective date of the written agreement.
 - e. Supply the organization with a copy of the agreement between the staffing service and client company.
 - f. Notify the organization upon termination of any agreement with a client company, but no later than fifteen days from the effective date of termination.
 - g. Notify the staffing service's client companies of an uninsured status for failure to pay workforce safety and insurance premiums within fifteen days of notice by the organization.
5. A staffing service that provides both temporary and long-term employees is subject to the reporting requirements associated with the type of employee provided to the client company.
6. a. The organization shall maintain all employer data for each client company requiring coverage under this title. If a client company enters an agreement with a staffing service, the organization shall generate a master billing for the staffing service detailing the staffing service's client companies.
- b. Rate classifications for employees provided by a staffing service must be those which would apply as if the work were performed by the employees of the client company. A client company is eligible for organization safety discount and dividend programs. If a client company enters an agreement with a staffing service, the client company shall retain the client company's experience rate, if applicable.
- c. Both a staffing service and client company under this section are considered employers for purposes of section 65-04-26.1. A staffing service that provides employees to a client company that has been determined to be uninsured or ineligible for coverage under sections 65-04-27.1 and 65-04-33 may not secure workforce safety and insurance coverage for those employees.
7. a. The organization shall determine whether an entity is a staffing service. If the organization determines an entity is a staffing service, the organization may further determine if the entity is a temporary staffing service. In rendering either determination, the organization may issue a decision under section 65-04-32. If the organization determines an entity is not a staffing service, the client company shall maintain a workforce safety and insurance account and pay the premium for coverage of the employees.
- b. The factors the organization may consider in determining whether an entity is a staffing service include the number of client companies handled by the staffing service, the length of time the staffing service has been in existence, the extent to which the staffing service extends services to the general public, the degree to which the client company and staffing service are separate and unrelated business entities, the repetition of officers or managers between the client company and staffing service, and the extent to which a client company has an ownership or other interest in the staffing service. The organization also may

consider the scope of the services provided by the staffing service, the relationship between the staffing service and the client company's workers, the written agreement between the staffing service and the client company, and any other factor deemed relevant by the organization.

- c. The organization may require information from any staffing service, including a list of current client company accounts, staffing assignments, payroll information, and rate classification information. A client company shall provide any information requested by the organization regarding any staffing service.
8. The organization may adopt rules consistent with this section which further define client company and staffing service and which provide a procedure by which the organization may determine whether an entity meets these definitions.

65-01-09. Injury through negligence of third person - Option of employee - Organization subrogated when claim filed - Lien created. When an injury or death for which compensation is payable under provisions of this title shall have been sustained under circumstances creating in some person other than the organization a legal liability to pay damages in respect thereto, the injured employee, or the employee's dependents may claim compensation under this title and proceed at law to recover damages against such other person. The organization is subrogated to the rights of the injured employee or the employee's dependents to the extent of fifty percent of the damages recovered up to a maximum of the total amount it has paid or would otherwise pay in the future in compensation and benefits for the injured employee. The organization also has a lien to the extent of fifty percent of the damages recovered up to a maximum of the total amount it has paid in compensation and benefits. The organization's subrogation interest or lien may not be reduced by settlement, compromise, or judgment. The action against such other person may be brought by the injured employee, or the employee's dependents in the event of the employee's death. Such action shall be brought in the injured employee's or in the employee's dependents' own right and name and as trustee for the organization for the subrogation interest of the organization. However, if the director chooses not to participate in an action, the organization has no subrogation interest and no obligation to pay fees or costs under this section and no lien. If the injured employee or the employee's dependents do not institute suit within sixty days after date of injury, the organization may bring the action in its own name and as trustee for the injured employee or the employee's dependents and retain as its subrogation interest the full amount it has paid or would otherwise pay in the future in compensation and benefits to the injured employee or the employee's dependents and retain as its lien the full amount it has paid in compensation and benefits. Within sixty days after both the injured employee and the organization have declined to commence an action against a third person as provided above, the employer may bring the action in the employer's own name or in the name of the employee, or both, and in trust for the organization and for the employee. The party bringing the action may determine if the trial jury should be informed of the trust relationship. If the action is brought by the injured employee or the employee's dependents, or the employer as provided above, the organization shall pay fifty percent of the costs of the action, exclusive of attorney's fees, when such costs are incurred as the action progresses before recovery of damages. If there is no recovery of damages in the action, this shall be a cost of the organization to be paid from the organization's general fund. After recovery of damages in the action, the costs of the action, exclusive of attorney's fees, must be prorated and adjusted on the percentage of the total subrogation interest of the organization recovered to the total recovery in the action. The organization shall pay attorney's fees to the injured employee's attorney from the organization's general fund as follows:

1. Twenty-five percent of the subrogation interest recovered for the organization before judgment.
2. Thirty-three and one-third percent of the subrogation interest recovered for the organization when recovered through judgment entered as a result of a trial on the merits or recovered through binding alternative dispute resolution.

The above provisions as to costs of the action and attorney's fees are effective only when the injured employee advises the organization in writing the name and address of the employee's attorney, and that the employee has employed such attorney for the purpose of collecting damages or of bringing legal action for recovery of damages. If a claimant fails to pay the organization's subrogation interest and lien within thirty days of receipt of a recovery in a third-party action, the organization's subrogation interest is the full amount of the damages recovered, up to a maximum of the total amount it has paid or would otherwise pay in the future in compensation and benefits to the injured employee or the employee's dependents, no costs or attorney's fees will be paid from the organization's subrogation interest and the organization's lien is the full amount of the damages recovered up to a maximum of the total amount it has paid. The organization's lien is created upon first payment of benefits. The lien attaches to all claims, demands, settlement proceeds, judgment awards, or insurance payable by reason of a legal liability of a third person. If the organization does not receive payment of its lien amount within thirty days of the payment of any recovery and if the organization has served, by regular mail, written notice of its lien upon the employee or the employee's dependents and upon the third person, the third person, the insurer of the third person, the employee or employee's dependents, and the attorney of the employee or employee's dependents are liable to the organization for the lien amount. A release or satisfaction of any judgment, claim, or demand given by the employee or the employee's dependents is not valid or effective against the lien. An action to collect the organization's lien amount must be commenced within one year of the organization first possessing actual knowledge of a recovery.

65-01-10. Waiver of rights to compensation void - Deduction of premium from employee prohibited - Penalty. No agreement by an employee to waive rights to compensation under this title is valid except as provided in section 65-05-25. No agreement by any employee to pay any portion of the premium paid or payable by the employer into the fund is valid, and any employer who deducts any portion of such premium from the wages or salary of any employee entitled to the benefits of this title is guilty of a class A misdemeanor.

65-01-11. Burden of proof in compensation matters - Death certificate. If the organization or an employer claims that an employee is not entitled to the benefits of the North Dakota workforce safety and insurance law because the employee's injury was caused by the employee's willful intention to cause self-injury, or to injure another, or by reason of the voluntary impairment caused by use of alcohol or illegal use of a controlled substance by the employee, the burden of proving the exemption or forfeiture is upon the organization or upon the person alleging the same; however, an alcohol concentration level at or above the limit set by the United States secretary of transportation in 49 CFR 383.51 or a level of an illegally used controlled substance sufficient to cause impairment found by a test required by a physician, qualified technician, chemist, or registered nurse and performed as required by the United States secretary of transportation under 49 CFR part 40, at or above the cutoff level in part 40, creates a rebuttable presumption that the injury was due to impairment caused by the use of alcohol or the illegal use of a controlled substance. An employer who has a mandatory drug alcohol testing policy for work accidents, or an employer or a doctor who has reasonable grounds to suspect an employee's alleged work injury was caused by the employee's voluntary impairment caused by use of alcohol or illegal use of a controlled substance may request that the employee undergo testing to determine if the employee had alcohol or the controlled substance in the employee's system at levels greater than the limit set by the United States department of transportation at the time of the injury. If an employee refuses to submit to a reasonable request to undergo a test to determine if the employee was impaired or if an employee refuses to submit to a test for drugs or alcohol after a work accident as mandated by company policy, the employee forfeits all entitlement to workforce safety and insurance benefits arising out of that injury. Any claimant against the fund, however, has the burden of proving by a preponderance of the evidence that the claimant is entitled to benefits. If a claim for death benefits is filed, the official death certificate must be considered as evidence of death and may not be used to establish the cause of death.

65-01-12. Attorney general to represent organization. Upon the request of the organization, the attorney general shall institute and prosecute the necessary actions or proceedings for the enforcement of this title or for the recovery of any money due the fund or of

any penalty provided for in this title, and shall defend all suits, actions, or proceedings brought against the organization or any of its employees in the attorney general's official capacity.

65-01-13. Information fund - Continuing appropriation. There is created a fund to be known as the information fund within the workforce safety and insurance fund, to which the organization shall deposit all moneys received from private citizens, businesses, associations, corporations, and limited liability companies for providing these entities with publications and statistical information concerning workforce safety and insurance matters. The information must be provided at cost. The moneys in the fund are appropriated, as a standing and continuing appropriation, to workforce safety and insurance to pay publication and statistical processing expenses incurred by the organization.

65-01-14. Informal decision by organization. Repealed by S.L. 1997, ch. 532, § 6.

65-01-15. Yearly documentation required for firefighter and law enforcement officer. Except for benefits for an exposure to a bloodborne pathogen as defined by section 23-07.5-01 occurring in the course of employment, a full-time paid firefighter or law enforcement officer who uses tobacco is not eligible for the benefits provided under section 65-01-15.1, unless the full-time paid firefighter or law enforcement officer provides yearly documentation from a physician which indicates that the full-time paid firefighter or law enforcement officer has not used tobacco for the preceding two years.

65-01-15.1. Presumption of compensability for certain conditions of full-time paid firefighters and law enforcement officers.

1. Any condition or impairment of health of a full-time paid firefighter or law enforcement officer caused by lung or respiratory disease, hypertension, heart disease, or an exposure to a bloodborne pathogen as defined by section 23-07.5-01 occurring in the course of employment, or occupational cancer in a full-time paid firefighter, resulting in total or partial disability or death is presumed to have been suffered in the line of duty. The presumption may be rebutted by clear and convincing evidence the condition or impairment is not work-related.
2. As used in this section, an occupational cancer is one which arises out of employment as a full-time paid firefighter and is due to injury due to exposure to smoke, fumes, or carcinogenic, poisonous, toxic, or chemical substances while in the performance of active duty as a full-time paid firefighter.
3. A full-time paid firefighter or law enforcement officer is not eligible for the benefit provided under this section unless that full-time paid firefighter or law enforcement officer has completed five years of continuous service and has successfully passed a medical examination which fails to reveal any evidence of such a condition. An employer shall require a medical examination upon employment, for any employee subject to this section. After the initial medical examination, an employer shall require at least a periodic medical examination as follows: for one to ten years of service, every five years; for eleven to twenty years of service, every three years; and for twenty-one or more years of service, every year. The periodic medical examination, at a minimum, must consist of a general medical history of the individual and the individual's family; an occupational history including contact with and an exposure to hazardous materials, toxic products, contagious and infectious diseases, and to physical hazards; a physical examination including measurement of height, weight, and blood pressure; and laboratory and diagnostic procedures including a nonfasting total blood cholesterol test and papanicolaou smear for women. If the medical examination reveals that an employee falls into a recognized risk group, the employee must be referred to a qualified health professional for future medical examination. If a medical examination produces a false positive result for a condition covered under this section, the organization shall consider the condition to be a compensable injury. In the case of a false positive result, neither the coverage of the condition nor the period of disability may exceed fifty-six days. This section

does not affect an employee's responsibility to document that the employee has not used tobacco as required under section 65-01-15. Results of the examination must be used in rebuttal to a presumption afforded under this section.

4. For purposes of this section, "law enforcement officer" means a person who is licensed to perform peace officer law enforcement duties under chapter 12-63 and is employed full time by the bureau of criminal investigation, the game and fish department, the state highway patrol, the parole and probation division, the North Dakota state university police department, the North Dakota state college of science police department, the university of North Dakota police department, a county sheriff's department, or a city police department.
5. The presumption does not include a condition or impairment of health of a full-time paid firefighter or law enforcement officer, who has been employed for ten years or less, if the condition or impairment is diagnosed more than two years after the employment as a full-time paid firefighter or law enforcement officer ends. The presumption also does not include a condition or impairment of health of a full-time paid firefighter or law enforcement officer, who has been employed more than ten years, if the condition or impairment is diagnosed more than five years after the employment as a full-time paid firefighter or law enforcement officer ends.

65-01-16. Decisions by organization - Disputed decisions. The following procedures must be followed in claims for benefits, notwithstanding any provisions to the contrary in chapter 28-32:

1. The organization shall send a copy of each initial claim form filed with the organization to the claimant's employer, by regular mail, along with a form for the employer's response, if the employer's response has not been filed at the time the claim is filed. Failure of the employer to file a response within fourteen days from the day the response form was mailed to the employer constitutes the employer's admission that the information in the claim form is correct.
2. The organization may conduct a hearing on any matter within its jurisdiction by informal internal review of the information of record.
3. The organization may issue a notice of decision for any decision made by informal internal review and shall serve the notice of decision on the parties by regular mail. A notice of decision must include a statement of the decision, a short summary of the reason for the decision, and notice of the right to reconsideration.
4. A party has thirty days from the day the notice of decision was mailed by the organization in which to file a written request for reconsideration. The request must state the alleged errors in the decision and the relief sought. The request may be accompanied by additional evidence not previously submitted to the organization. The organization shall reconsider the matter by informal internal review of the information of record. Absent a timely and sufficient request for reconsideration, the notice of decision is final and may not be reheard or appealed.
5. Within sixty days after receiving a request for reconsideration, the organization shall serve on the parties by regular mail a notice of decision reversing the previous decision or, in accordance with the North Dakota Rules of Civil Procedure, an administrative order that includes its findings, conclusions, and order. The organization may serve an administrative order on any decision made by informal internal review without first issuing a notice of decision and receiving a request for reconsideration.
6. A party has thirty days from the date of service of an administrative order in which to file a request for assistance from the decision review office under section 65-02-27.

7. A party has thirty days, from the date of service of an administrative order or from the day the decision review office mails its notice that the office's assistance is complete, in which to file a written request for rehearing. The request must specifically state each alleged error of fact and law to be reheard and the relief sought. Absent a timely and sufficient request for rehearing, the administrative order is final and may not be reheard or appealed.
8. Rehearings must be conducted as hearings under chapter 28-32 to the extent the provisions of that chapter do not conflict with this section.
9. A party may appeal a posthearing administrative order to district court in accordance with chapter 65-10. Chapter 65-10 does not preclude the organization from appealing to district court a final order issued by a hearing officer under this title.
10. Any notice of decision, administrative order, or posthearing administrative order is subject to review and reopening under section 65-05-04.

65-01-17. Agricultural employment exemption - Custom agricultural operations.

For purposes of the agricultural service exception to hazardous employment under section 65-01-02, an agricultural employer that engages in a custom agricultural operation, which is the planting, care, or harvesting of grain or field crops on a contract-for-hire basis, exclusive of hauling by special contractor, retains the exemption unless the employer's custom agricultural operations are based outside this state or require more than thirty actual working days of operation during the calendar year.
