43-34-09. Duties of the board.

The board has the duty and responsibility to:

1. Develop, impose, and enforce standards which must be met by individuals in order to receive a license as a nursing home administrator, which standards must be designed to ensure that nursing home administrators will be individuals who are of good character and are otherwise suitable, and who, by training or experience in the field of institutional administration, are qualified to serve as nursing home administrators.
2. Develop and apply appropriate techniques, including examination and investigations, for determining whether an individual meets such standards.
3. Issue licenses to individuals determined, after application of such techniques, to meet such standards, and for cause, after due notice and hearing, to revoke or suspend licenses previously issued by the board if the individual holding such license is determined substantially to have failed to conform to the requirements of such standards.
4. Establish and carry out procedures designed to ensure that individuals licensed as nursing home administrators will, during any period that they serve as such, comply with the requirements of such standards.
5. Receive, investigate, and take appropriate action with respect to, and including the revocation of a license if necessary after due notice and hearing and for cause, any charge or complaint filed with the board to the effect that any individual licensed as a nursing home administrator has failed to comply with the requirements of such standards.
6. Conduct a continuing study and investigation of nursing homes, and administrators of nursing homes within the state with a view to the improvement of the standards

imposed for the licensing of such administrators and of procedures and methods for the enforcement of such standards with respect to administrators of nursing homes who have been licensed as such.

7. Conduct, or cause to be conducted, one or more courses of instruction and training sufficient to meet the requirements of this chapter, and make provisions for such courses and their accessibility to residents of this state unless it finds that there are and approves a sufficient number of courses which courses are conducted by others within this state. In lieu thereof the board may approve courses conducted within and without this state as sufficient to meet the education and training requirements of this chapter.

43-34-10. Renewal of license.

Every holder of a nursing home administrator's license shall renew it annually, by making application to the board. Such renewals must be granted as a matter of course, unless the board finds, after due notice and hearing, that the applicant has acted or failed to act in such manner or under such circumstances as would constitute grounds for suspension or revocation of a license.

43-34-11. Emergency licenses.

In the event of an unexpected vacancy in a nursing home administrator's position, the owner, the governing body, or other appropriate authority of the nursing home may designate an acting administrator to whom the board may issue an emergency license. This emergency license is in force for a period not to exceed ninety days but may be renewed for an additional ninety days by the board upon good cause shown.

43-34-12. Licensure of individuals licensed in other jurisdictions.

The board may issue a nursing home administrator's license, without examination, to any individual who holds a current license as a nursing home administrator from another jurisdiction, if the board finds that the standards for licensure in the other jurisdiction are at least the substantial equivalent of those prevailing in this state at the time of application and that the applicant is otherwise qualified.

43-34-13. Offense - Penalty.

It is a class A misdemeanor for any person to act or serve in the capacity as a nursing home administrator unless that person is the holder of a license as a nursing home administrator, issued in accordance with the provisions of this chapter.
